

Nimocinol (Nimonol)

Name of the Phytochemical	Nimocinol (Nimonol)
Chemical Structure	
Botanical Source	Azadirachta indica
CAS Number	95260-96-1
Functional Activity	<ul style="list-style-type: none"> Nimocinol acetate induces autophagosome and autolysosome formation in BCa cells
Key References	<ol style="list-style-type: none"> The pro-apoptotic role of autophagy in breast cancer.British Journal of Cancer, 2014, 111, 309-317 Molecular docking and network pharmacology of bioactive from azadirachta indica leaves with targets related to breast cancer.European Journal of Biomedical and Pharmaceutical Sciences, 2022, 9, 427-461
